•HTML5 •CSS •Next.js •Node.js •Javascript. •Typescript. •React •Chakra UI •NestJS •Version Control (Git)
•TailwindCSS •MongoDB/Mongoose •Angular •GraphQL •Redux •PostgreSQL •Express/KOA
•Amazon Web Services (AWS) •TypeORM •Docker

EXPERIENCE

Full-Stack Developer @ Athlos Travel

2024-Present Barcelona, ES

- Played a fundamental role in developing innovative digital solutions for professional sports clubs across Spain, including prominent ones like FC Barcelona, enabling seamless trip bookings, event management, and ticket issuance.
- Contributed to the design and launch of an advanced booking platform that allowed elite sports organizations to easily manage accommodation, flights, and transportation, using technologies like **Next.js**, **React**, and **Chakra UI**, all developed in **TypeScript**, to deliver a high-performance user experience.
- Designed a robust backend using **NestJS** and **PostgreSQL**, ensuring secure and efficient data management, and deployed it on **AWS Elastic Beanstalk** to achieve optimal scalability and reliability.
- Led the implementation and optimization of the frontend on **Vercel**, significantly improving loading speeds and user interaction.
- Established a unified design system using **Chakra UI**, promoting consistency in the user interface and reducing development timelines.
- Enhanced application scalability and performance through an optimized **AWS** infrastructure and advanced server-side rendering techniques.

Full-Stack Developer @ Treasure Ireland

2023-2024 Remote

- Solely responsible for designing the architecture of an e-commerce application and implementing robust features.
- Leveraged **Next.js** with **TypeScript**, ensuring a smooth and responsive user experience.
- Enhanced the backend with **Prisma**, integrating user authentication through **NextAuth**.
- Designed and implemented a comprehensive admin page to optimize order and product management.
- Achieved payment processing through **Stripe** integration.
- Successfully overcame challenges and delivered a high-quality development effort independently.

Full-Stack Developer @ Level Up

2023 - 2023 London, UK

- Led the implementation of **Next.js** and **MongoDB** written in **Javascript**, enhancing full-stack development capabilities.
- Delivered a dynamic web application that achieved a 30% increase in website traffic and a 15% improvement in overall user satisfaction.
- Optimized loading time by 50% and reduced server response time by 30% through efficient data management and caching strategies.
- Employed **TailwindCSS** and **PostCSS** to enhance frontend design skills, resulting in visually appealing interfaces that drove a 20% increase in user interactions.
- Mastered database management and schema design techniques using **Mongoose**, resulting in efficient backend data handling and a 40% improvement in system performance.

Technical Support Agent @ Sitel Group / John Lewis Program

2022-2023 London, UK

- Provided exceptional technical support to customers for electronics and home appliances, resolving issues promptly and ensuring a 95% satisfaction rate.
- Simplified the communication of complex technical concepts, translating complicated information into easily understandable terms, which resulted in increased customer satisfaction and a 25% reduction in support inquiries.

Business Development Executive @ RTN&A Group

2021-2022 London, UK

- Conducted a thorough **market analysis** to identify emerging trends and opportunities in the recruitment industry, resulting in the implementation of targeted business development strategies that exceeded the company's revenue goals by 15%.
- Assessed client needs and provided tailored recruitment solutions.
- Matched high-caliber candidates with client requirements, enhancing client satisfaction and fostering repeat business.
